

Mailigen Package for Joomla

The guide with screenshots walks you step-by-step to set up Mailigen package in your Joomla website within minutes.

Package description

Package has a four joomla extensions.

1. component
2. user plugin
3. module
4. contact plugin

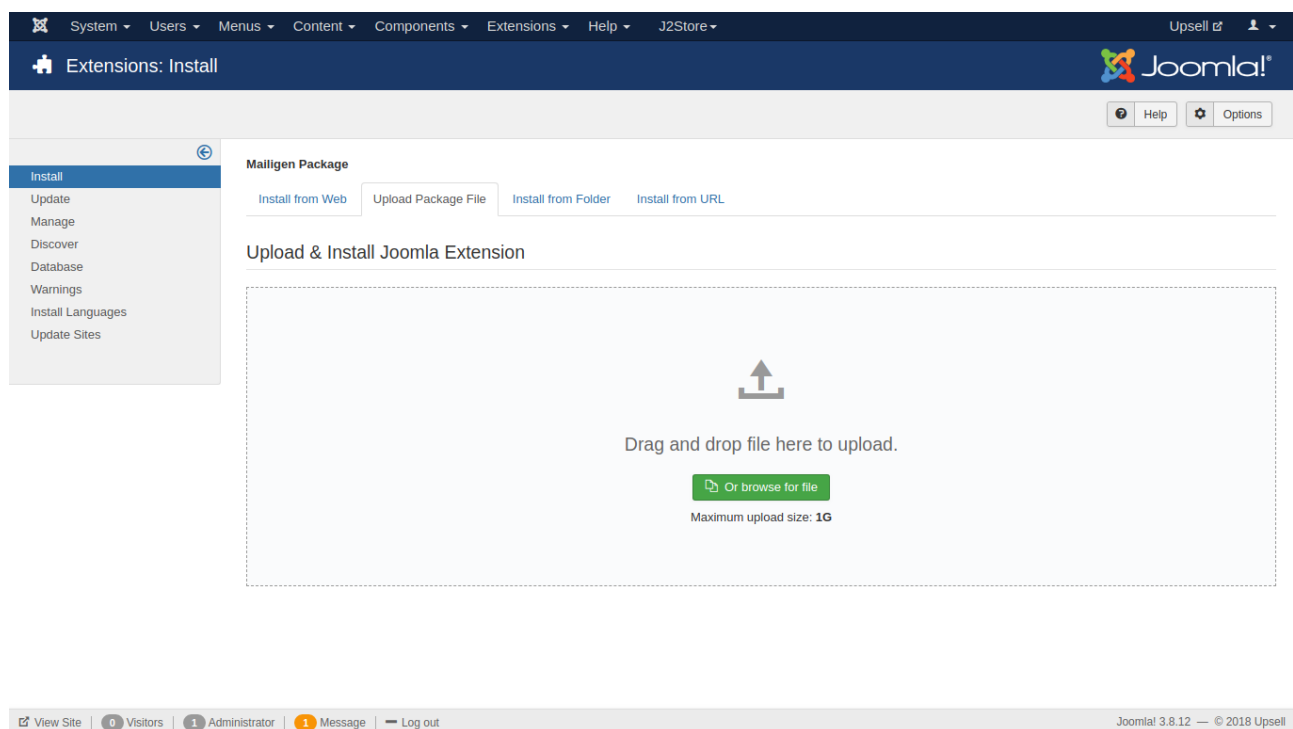

Installing the package

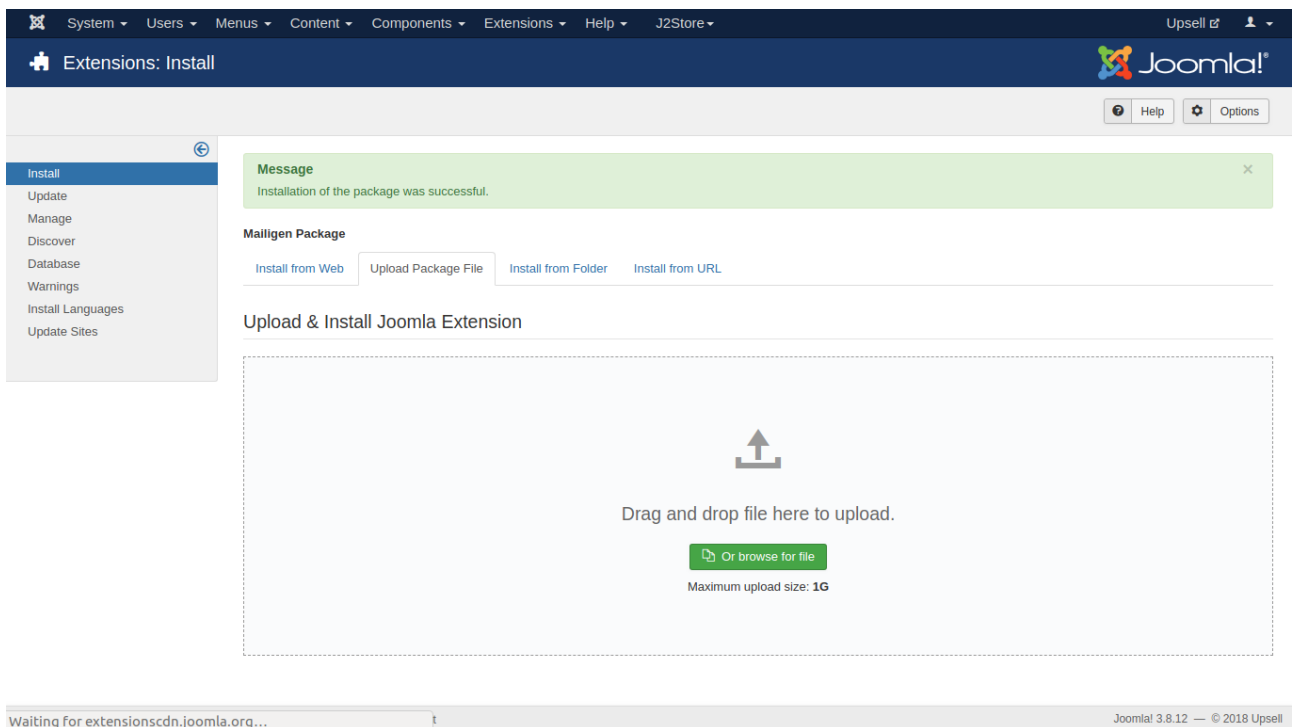

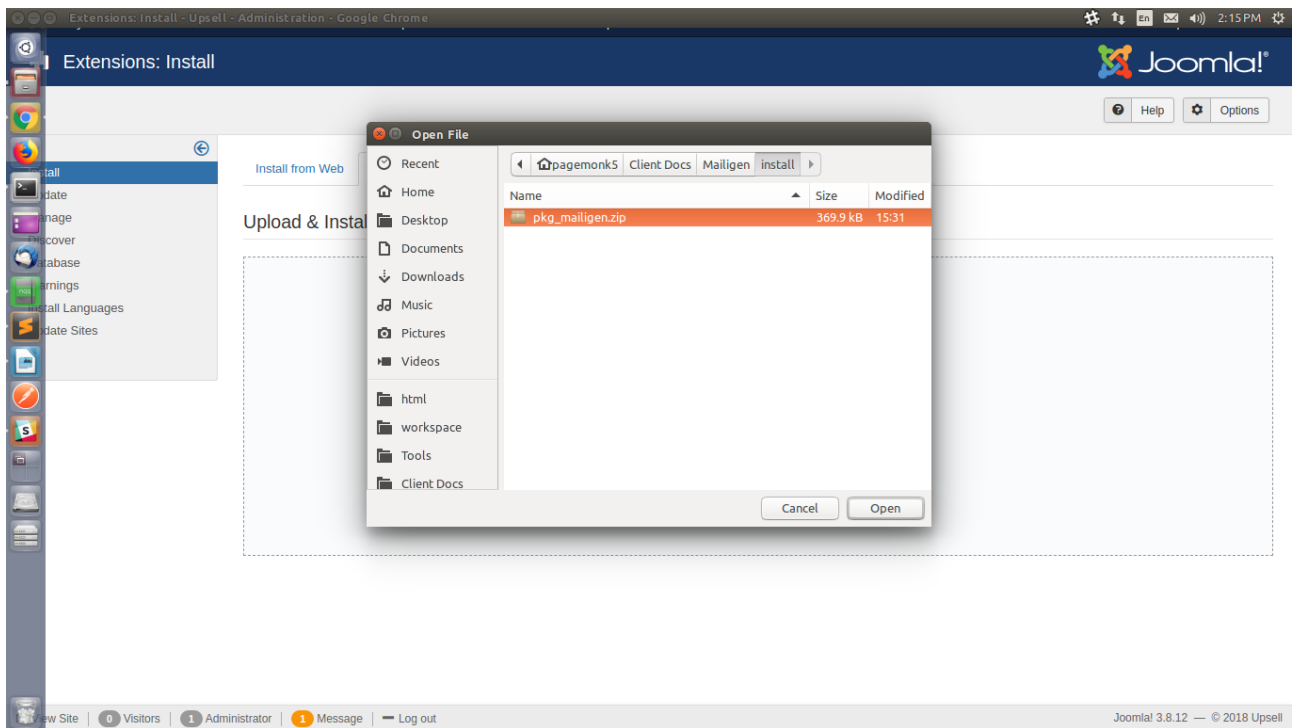

Use the Joomla installer to install the Mailigen package.

1. Go to Joomla Extensions > Manage > Install > Upload Package File
2. Just simply drag and drop the downloaded package file

or

click browse button and select the downloaded package file and click open.

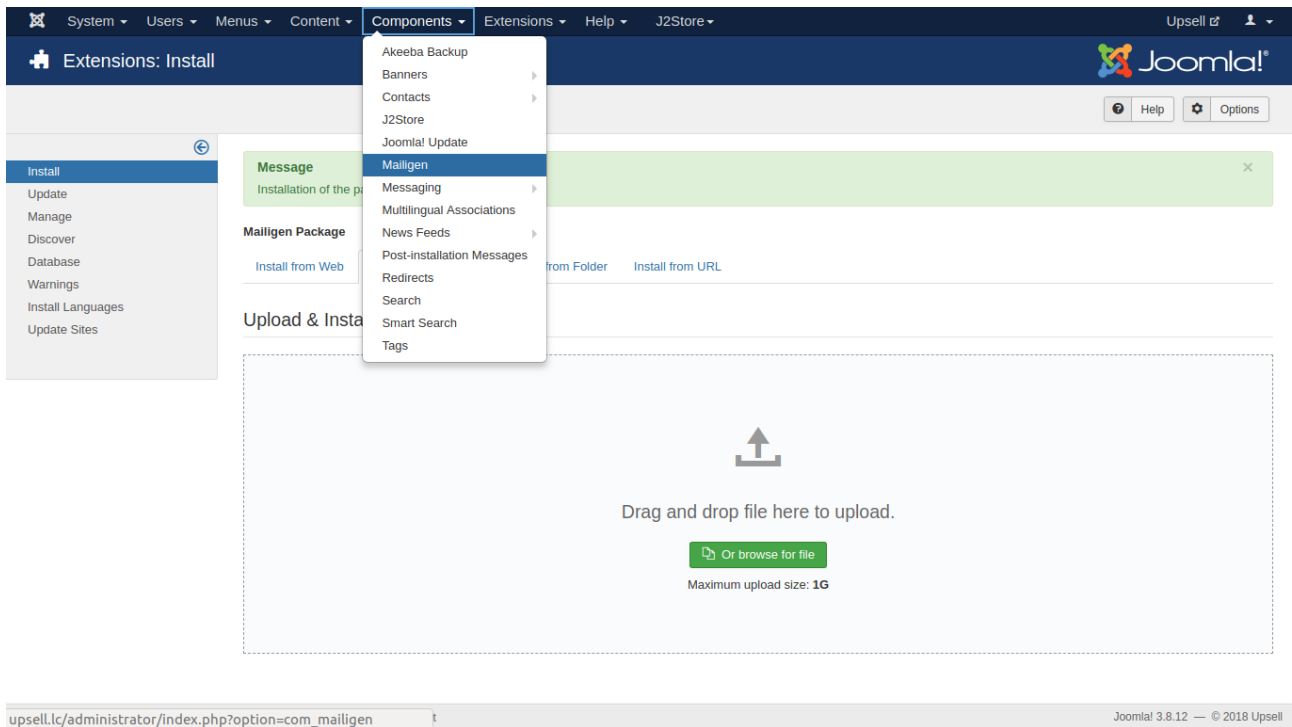

1. Component

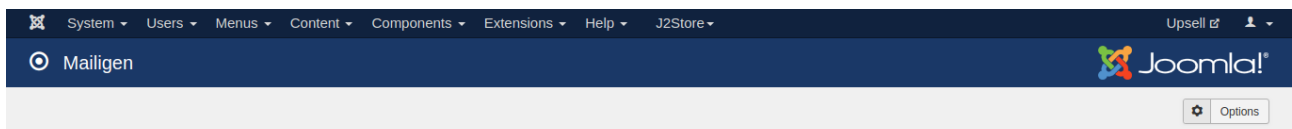

Configuring and Connecting with Mailigen API

Once installed, you will get Mailigen in the Joomla component list in Joomla backend.

Now, Go to Joomla Components > Mailigen

Enter your mailigen API Key and click Save. (if not having a mailigen account. Follow the below step to create one)

Enter your API key

If you already have a Mailigen Account, all you need to do is to generate an API Key over at the [Mailigen Site](#) and copy it in the field below:

save

Sign up for a mailigen account at <https://www.mailigen.com/>

once signed up go to <https://admin.mailigen.com/settings/api>

The screenshot shows the Mailigen dashboard's 'API Keys' section. At the top, there's a navigation bar with links for Lists, Campaigns, Automation, SMS, and Surveys, along with a 'Buy now' button. Below this, a sub-navigation bar includes 'Sender information', 'User management', 'API keys' (which is active), 'Partners', 'Webhooks', 'Email authentication', and 'Click Tracking Domains'. The main content area is titled 'API Keys' and features an 'Add a key' button. A text box explains that users can easily integrate Mailigen's features into their applications using the API, with a link to the 'API documentation' page. Below this is a table listing API keys. The table has columns for 'Key', 'Description', 'Created', 'Disabled', and 'Status'. One key is listed with the ID 'b206de1d1905d9b10d83758af0a8b0c8', a description 'Add description...', a creation date of 'Sep 26, 2018', and a status of 'Active' (indicated by a green checkmark). At the bottom of the section, there's a line graph titled 'Historical API calls by last 30 days' showing 'All calls' (green line) and 'Failed calls' (red line). The graph shows two distinct peaks in activity. A 'Help' button is visible in the bottom right corner.

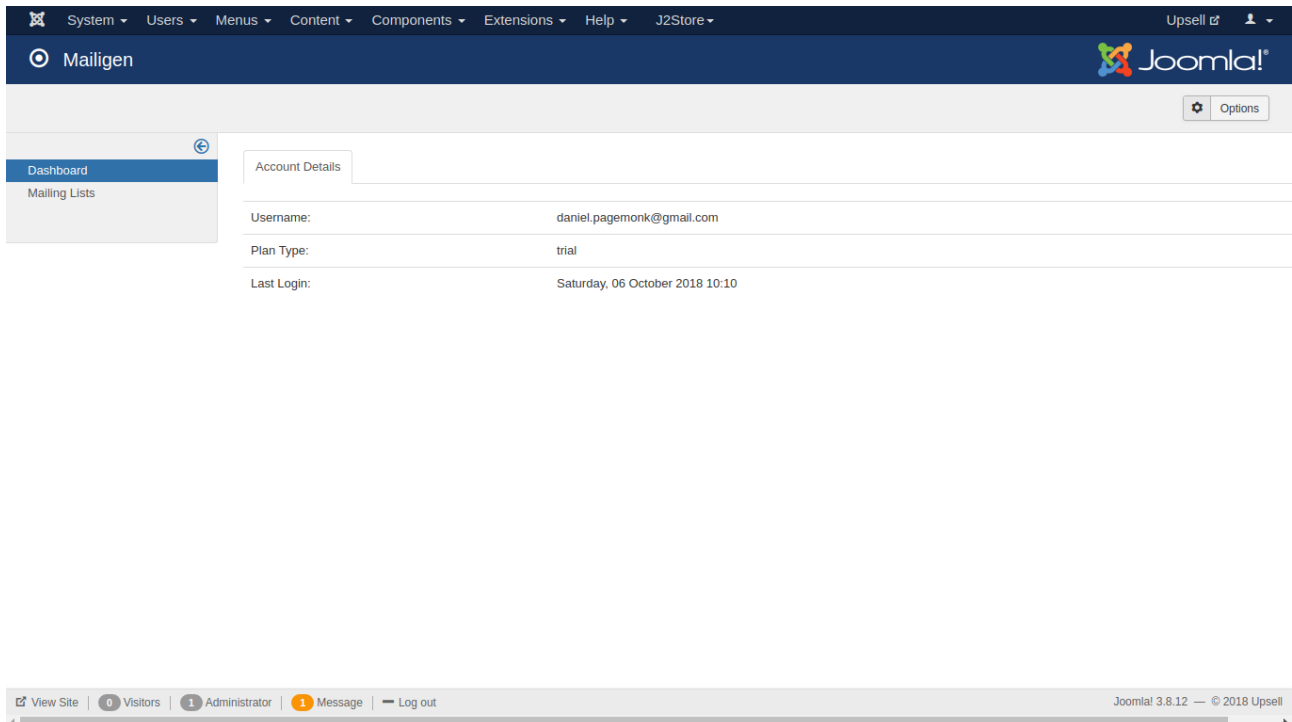

Key	Description	Created	Disabled	Status
b206de1d1905d9b10d83758af0a8b0c8	Add description...	Sep 26, 2018	-	Active

and click on **Add a Key** button to create a Mailigen Api Key. Once the Api Key saved you will be redirected to Mailigen Dashboard Screen.

The screenshot displays the Joomla! Mailigen 'Account Details' page. The top navigation bar includes links for System, Users, Menus, Content, Components, Extensions, Help, and J2Store. The Joomla! logo is on the right. Below the navigation bar, there's a sidebar with 'Dashboard' and 'Mailing Lists' options. The main content area is titled 'Account Details' and shows the following information: Username: daniel.pagemonk@gmail.com, Plan Type: trial, and Last Login: Saturday, 06 October 2018 10:10. At the bottom of the page, there's a status bar showing 'View Site', '0 Visitors', '1 Administrator', '1 Message', and a 'Log out' button. The Joomla! version is 3.8.12, and the copyright is © 2018 Upsell.

Component settings

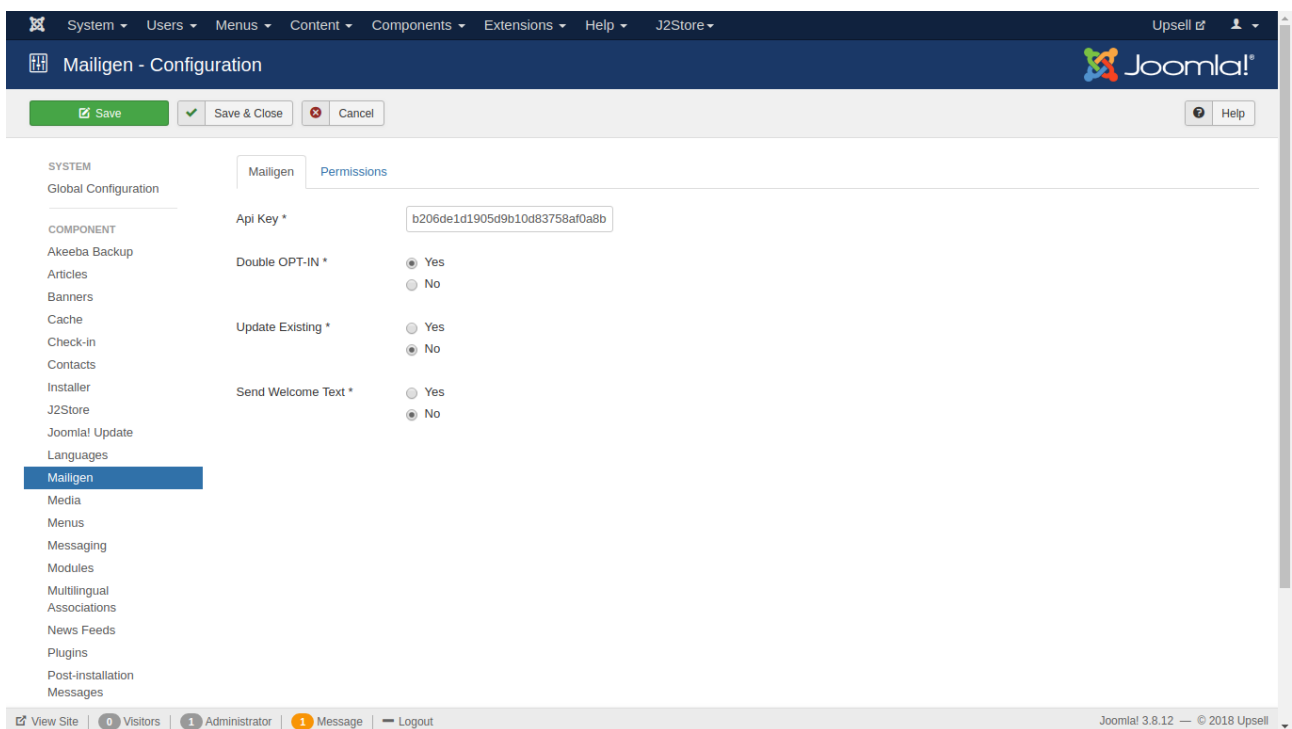

To change the default configuration of Mailigen Component click on **Options** button on Mailigen dashboard screen.

The screenshot shows the Joomla! administrator interface. The top navigation bar includes links for System, Users, Menus, Content, Components, Extensions, Help, and J2Store. The user is logged in as 'Upsell'. The main header displays 'Mailigen' and the Joomla! logo. A sidebar on the left contains 'Dashboard' and 'Mailing Lists'. The main content area shows the 'Account Details' tab with the following information:

Select from the dropdown the mailing lists to which you want to add.

The screenshot shows the Joomla! administration interface for the 'Add Users to Lists' task. The top navigation bar includes links for System, Users, Menus, Content, Components, Extensions, Help, and J2Store. The left sidebar contains links for Dashboard and Mailing Lists. The main content area features a 'Select a list to assign the users to' dropdown menu, which is currently open, showing options: Demo List 1, Demo List 2, Demo List 3 (highlighted), Demo List 4, Demo List 5, and Demo List 6. Below the dropdown is a table of users with columns: ID, Username, Email Address, Enabled, User Group, and Last Visit. The table lists six users: Daniel Felix, New Test USER (test1), New Test USER (test12), Test User (test001), and Tee. The bottom status bar shows site statistics and the Joomla! version (3.8.12).

Now go to the front end of your site and navigate to **Contact form**. you can see the additional option for **newsletter preference**. Based on user selection the user will be added to mailigen newsletter.

The screenshot displays the front-end of a Joomla! website with the Mailigen extension. The user is logged in as 'Daniel Felix'. The main content area features a 'Contact Form' titled 'Send an Email'. It includes fields for Name, Email, Subject, and a large text area for the Message, all marked as required. Below the form is a 'Mailigen Newsletter Preferences' section with a 'Receive Newsletter' option set to 'Yes'. A 'Send Email' button is at the bottom. The right sidebar contains a 'Main Menu' with links to Home, J2Store Products, and Contact. Below that is a 'Mailigen Signup Module' with an 'Email Address' field and a 'Subscribe' button. At the bottom of the sidebar is a 'Login Form' with fields for Username and Password, a 'Remember Me' checkbox, and a 'Log in' button. Links for 'Create an account', 'Forgot your username?', and 'Forgot your password?' are also present.
